

MOTIV trailers

MODEL

Box Van Trailer Lightweight

Technical Information

Box van trailers provide a secure and flexible means of transporting a wide variety of goods. Suitable for towing behind most cars and vans they offer dry and lockable storage. With white coated sides they also provide a suitable surface for advertising livery. This single axle lightweight version provides a versatile lightweight trailer at an affordable price.

Standard Features

- Internal dimensions - 6ft, 7ft or 8ft Long x 4ft Wide x 5ft High
- Galvanised single axle steel chassis
- Rear barn type hinged doors
- Translucent roof
- White coated sides (ideal for advertising)
- Vee front panel (providing additional interior space)
- Resin coated ply floor
- Jockey wheel
- Galvanised steel mudguards
- Internal securing rails
- Full road lighting
- Additional front marker lamps on 7ft version
- Bracket mounted spare wheel
