

MODEL

Canoe Trailer Professional Range MC6 Pro

Technical Information

The MC6 meets the needs for a professional canoe / kayak trailer for the secure and convenient storage and transport of valuable equipment. With our unique design there are no interruptions within the enclosed storage box allowing maximum storage capacity and ease of loading / unloading. The MC6 maintains robustness and strength through our design and will ensure many years of use.

Standard Features

- hot dipped galvanised steel work makes the MC6 rust resistant and sturdy
- enclosed box area 8ft x 5ft open space, no interruptions
- 3 x hinged lids with stainless steel hinges and over centre catches (lockable with padlocks)
- 12mm phenolic coated marine ply floor
- galvanised steel tailboard with number plate illuminator
- rubber 'D' section on all racks (horizontals)
- lashing ring at each end of the rack spars
- 165 R13 8ply wheels and tyres for improved tyre life and safety
- front outline marker lamps
- rear lights fitted with protective brackets and 'plug in' type lights for easy replacement
- bracket mounted spare wheel
- 200mm EU approved auto reverse brakes
- Industrial EU approved quality tow hitch with a heavy duty jockey wheel and lock
- **Supplied with a 1 year Mechanical Warranty and 5 year Chassis Warranty**
