

MODEL

Box Van Trailer Lightweight 2019 Price List

Technical Information

Box van trailers provide a secure and flexible means of transporting a wide variety of goods. Suitable for towing behind most cars and vans they offer dry and lockable storage. With white coated sides they also provide a suitable surface for advertising livery. This single axle lightweight version provides a versatile lightweight trailer at an affordable price.

Standard Features

- Galvanised single axle steel chassis
- Optional hinged lockable barn doors or lockable loading ramp tailgate
- Translucent roof
- 14mm thick white GRP coated side panels, both robust, secure and ideal for advertising
- Vee front panel (providing additional interior space)
- Resin coated plywood floor
- Jockey wheel
- Galvanised steel mudguards
- Internal securing rails
- Full road lighting with reverse lamps
- Front marker outline lamps
- Bracket mounted spare wheel
- Data Tag fitted £70 + VAT

all prices exclude VAT charged at the current rate
