

MOTIV trailers

MODEL

**Micro Canoe
Trailer
MMCS (short version)
MMCL (long version)**

Technical Information

A lightweight durable trailer ideal for personal use allowing secure transport of Canoes and Kayaks. This trailer design is fully adjustable to fit boat length with the ability to be dismantled for compact storage. Alternatively boats may be safely stored on the trailer for convenience. Two trailer lengths are available "S" model for shorter boats and Kayaks and "L" model for longer open boats and Sea Kayaks.

Standard Features

- Fitted with 8" wheels with 6 ply tyres for improved tyre life and safety
- Hot dipped galvanised steel skeleton chassis for low maintenance long life
- Fully adjustable with "U" bolt fixings to fit most boat types
- Plastic mudguards
- Rubber suspension axle
- Integral lighting with protective brackets
- Number plate holder bracket
- Supplied with a 1 year Mechanical Warranty and 5 year Chassis Warranty

Accessories

- Bicycle Rack. This takes up half the load width and will carry 3 bikes, please ask for details
- Rubber Buffer Section to protect boats
- Upright Kayak bars
- Hitch lock
