

Technical Information

Successfully used by larger organisations with the ability to transport and safely store numerous boats and equipment without the risk of damage or sagging. The design has evolved to meet customer requirements and can be adapted to suit individual needs.

available with additional front rack

Standard Features

- Constructed with a clear box floor (the rack legs are outside the box)
- Rear loading prop stands making loading easier
- Fitted with 8 ply tyres for improved tyre life and safety
- Hot dipped galvanised with a steel chassis for additional durability
- Fitted with soft ride axles with low maintenance features
- Diagonal bracing eliminates sagging and allows boats to be stored comfortably on the trailer
- Our unique protective EPDM rubber buffer on all racks to take special care of your boats when stored and in transit
- LED marker lamps with a 2 metre extending rear light bracket and outline lighting for safe and legal towing in the UK and Europe
- Pressure treated timber floor (or the option of galvanised steel)
- 200mm EU approved auto reverse brakes
- Industrial EU approved quality tow hitch with a heavy duty jockey wheel and lock
- Supplied with a 1 year Mechanical Warranty and 5 year Chassis Warranty

Dorney Lake
